Format: All designs will be e-mailed in .pes format, unless specified in the comments section when you complete your order. Freebies are zipped.

Anytime I am going to stitch out with fabric that has stretch in it I iron on freezer paper directly to the back of the fabric in the area to be embroidered. Even if you are using cut-a-way the wax paper will wash out over a period of time. It keeps the outline exactly where it's supposed to be as it doesn't allow the fabric to move.
