

Paisley Pirouette Quilt

Embroidery Designed and Digitized by Janet Sansom

Please read through all instructions before starting your project.
All seam allowances are $\frac{1}{4}$ inch, unless otherwise stated
and are included in the measurements given.

General Requirements:

Fabric:

2.5 metres based on 1.5m wide ivory quilter's muslin
2.5 metres of border fabric 110cm wide
1 metre sashing and binding fabric 110cm wide
3 metres backing fabric 110cm wide
2 metres batting

Note: It is recommended fabrics be 100 per cent cotton, pre-washed and well ironed and recommend you spray starch the back of each embroidered block and iron on paper

Cotton Construction Thread

80/12 Universal Machine Needle for construction

80/12 Embroidery Needle

Tearaway Stabilizer

Echidna Iron on Paper

Embroidery Threads

Bobbin fill

Rotary Cutter and Cutting Mat

Water Soluble Dressmaking Pencil

Spray starch

9 1/2in embroidery setting square template from Somerset Patchwork & Quilting – see end of article for ordering details

Paisley Pirouette & Paisley Pirouette Collection 2 by Janet Sansom embroidery designs.

Finished Quilt Size: Measures 58 x 72 inches (147 x 183cm)

Copyright 2009 Janet Sansom

Embroidery Instructions

The embroidery designs are available at www.oregonpatchworks.com. Two embroidery design sets are required: Paisley Pirouette and Paisley Pirouette Collection 2. Each set comprises 18 designs which measure 100 x 100mm (4in x 4in). When used for quilt blocks, two designs each stitched twice make up eighteen 200mm (8in) square blocks.

Fabric for the embroidered blocks is cut larger than needed due to shrinkage that occurs and to allow room for hooping.

Cut eighteen, 12in squares - these will be recut to 9 ½ inches square after embroidering.

TIP: Before cutting the blocks make sure to check that the size is large enough to accommodate your hoop.

Download the designs to your machine.

The designs have already been combined and customised to make the 200mm (8in) square blocks in one hooping for large hoop machines or two 100mm x 200mm (4in x 8in) hoopings for medium hoop machines

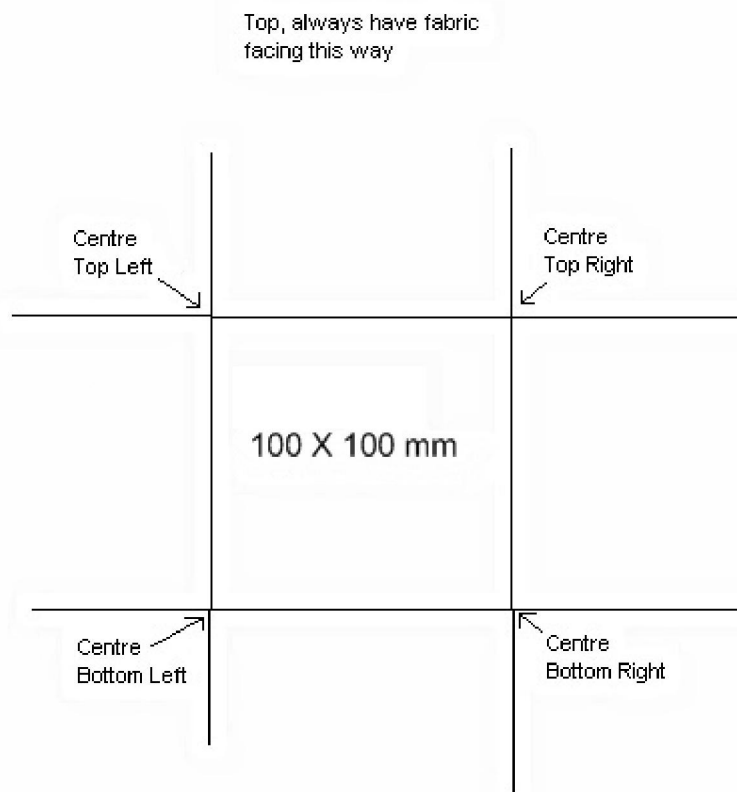

For large hoop machines, hoop the prepared fabric with tearaway stabiliser and stitch out the design. When finished, remove the stabiliser and press the block placed face down on a thick towel.

For medium hoop machines refer to diagram:

Stitch the right hand side of the block marked 'a', remove the stabilisers carefully then press face down on a towel. Re-hoop to stitch the left hand side of the block marked 'b'

For smaller hoop machines draw a 100mm x 100mm (4in x 4in) square in the centre of the prepared fabric. The corners of the drawn square are the positing points for the designs. Continue to draw through the vertical and horizontal lines out from the square to give the axis for embroidery placement as shown in diagram

Mark the top of the fabric to ensure it is always facing the right way and so that the design can be correctly rotated. Stitch out the top right design first. Make sure it is in the correct orientation. Hoop the prepared fabric and tearaway stabiliser making sure the lines of the fabric square line up with the centre hoop marking. When the first design is finished, remove from the hoop, trim any jump stitches and gently remove stabilisers. Lay the block face down on a towel and press.

Make sure when looking at the block that the first design is to the top right. Re-hoop with stabiliser for the bottom right corner. Rotate the design and stitch out. Continue this process with bottom left then top left until the block is complete.

Repeat this process to embroider the remaining seventeen blocks.

Press all nine embroidered blocks face down on a thick towel - this prevents flattening the embroidery and then spray starch. Trim all embroidered blocks to 9 ½ inches making sure the embroidery is centred.

The embroidery cutting squares I use have soft padded feet that raise the template above the work; this ensures there's no slipping or moving while cutting. They have centre markings and certainly overcome costly and timely cutting mistakes!

Quilt Instructions

Cutting: From the quilters' muslin cut 2 squares $7 \frac{1}{4}$ inches and cut in half diagonally. These are the four corner blocks

Cut 3 squares $13 \frac{7}{8}$ inches and cut in half diagonally twice. You require 10 of the blocks for the outside triangles

From the sashing and binding fabric cut 8 strips $2 \frac{1}{2}$ inches the width of the fabric and retain for the binding.

Copyright 2009 Janet Sansom
Cut 16, 1 inch strips the width of the fabric for the sashing.

Layout:

Using the layout diagram stitch 1 inch strips to every second block in one direction, join together in rows diagonally. Stitch 1 inch strips, joining where necessary, to every second row, stitch rows together.

Join on 45 degree angle, trim to $\frac{1}{4}$ inch and press

Copy

som

Sashing:

Using the 1 inch strips, join where necessary, stitch to top and bottom, then to each side.

Mitered Border:

A decorative fabric border was used, cut 8 ½ inches wide. Cut top and bottom border 64 inches long and the two side borders 77 inches long. The borders have been cut slightly longer to enable mitering the corners. Centre the fabric borders pin and begin and end stitching ¼ inch from edges of corners. Press seam allowances toward the quilt top. Use the 45° angle line, marked on your ruler, to pencil a 45° stitching line from the corner of the quilt to the raw edge of the border. Diagonally fold border of the marked corner under and lightly iron, pin in place, stitch and trim excess fabric and press seam open. Repeat with the remaining corners.

2009 Janet Sansom

Backing:

Cut the backing fabric into two equal lengths, remove the selvages, sew them side-by-side and press the seam open. To enable machine quilting the backing and batting need to be 10cm (4") bigger than the quilt top on every side.

Quilting:

This quilt was machine quilted by Desley Regan of Addicted to Quilts, who stippled around the embroidered blocks and used a feather motif in the outer triangle blocks. The outer triangle blocks were also stitched in the ditch around the sashing and around the outer sashing. The wider section of border she used a continuous feather motif and a five petal flower in the corners. In the thinner section of the border she stitched at ½ inch intervals outward.

Binding:

Using the 2 ½ inch binding strips cut earlier; join the strips together to form one long piece. Fold in half down the length with the wrong sides together. Align the raw edges of the binding and sew in place using a 1/4in seam allowance. Attach the binding to the quilt with a walking foot, mitering the corners as you go. Turn the folded edge to the back and hand stitch in place along the previous stitching line.

Happy stitching,

Janet
