

## *From The Needle Of: Anne Garden Pearl's Sampler*

*8 Sampler designs for eyelits or 3 (three) mm hot fix crystals  
(including sample design)*

- *These designs were designed as eyelits so additional color stops were added for the best stitch out of the final design.*
- *Tested using 1 sheet of fabric like wss for eyelits, cutaway for regular stitching ,low fray fabric, muslin was used.*
- *Use 12 point needle and bobbin thread,*
- *Designs were created with Embird and were sewn on Kenmore 19001 4x4 hoop, tested in sew format.*
- *Do not resize these designs in any way, as you will loose stitch quality.*

*\*Tip: It is recommended that you clean your bobbin area and replace your needle often. Start with a fresh needle.*

- *Gather your Supplies*

*Thread , bobbins, needles, pins, small scissors, rotary cutter and mat, fabric, water soluble stabilizer , or cutaway, clear wss for topping, wss fabric pen if needed, 1/8 eyelit cutter and small self healing mat.*

- *If you are sewing designs for eyelits, hoop fabric like wss along with your fabric*
- *If you are sewing designs for crystals, hoop medium wt cutaway stabelizer with your fabric, skipping punching*
- *Add basting stitches if necessary.*
