Note: This is a jumbo size alphabet designed to use with batting to create a 3d effect. You may add 2 layers of batting or omit it altogether.

Each letter fills a 5 x 7" (130 x 180mm) frame on its own.

APPLIQUE INSTRUCTIONS

1. "APPLIQUE POSITION" is a straight guide stitch to indicate where to place your batting/fabric for the appliqué.
2. Place batting over the indicated area.
3. "APPLIQUE BATTING" then sews the batting down.
4. Cut away the excess batting without removing the embroidery from the hoop.
5. Now place your fabric over the batting.
6. "APPLIQUE FABRIC" then sews the fabric down.
7. Cut away the excess fabric without removing the embroidery from the hoop.
8. Finish with the "FINAL OUTLINE" satin stitch.

Use the same colour for all the steps.
