Note: This is not a quilt in the hoop project. After finishing the embroidery, add additional decorations ie lace and/or ribbon etc of your choice. Add backing, quilting and binding to finish your project.

HOOPING INSTRUCTIONS

Scuba 4-way stretch fabric can't be hooped the traditional way.

If using a magnetic hoop, make a sandwich with the batting layered between the scuba and the stabilizer. Hold the layers together with temporary adhesive spray and/or use quilting pins as shown in photo below.

If you are using the pins, remember to remove them as you go as not to stitch over them and damage your machine.

If you don't have a magnetic hoop, hoop tear away and attach the above mentioned sandwich with temporary adhesive spray and stitch a stay stitch around the border of the design to keep it in place by utilizing a simple frame on your embroidery machine. It is not included with this set.

BUTTONHOLE INSTRUCTIONS

After your project is done, lay it flat on your cutting mat and cut open the buttonholes with a sharp craft knife taking care not to cut the surrounding satin stitches. Cut the opening just large enough for the ribbon to pass through snugly.

APPLIQUE INSTRUCTIONS

1. "APPLIQUE POSITION" is a straight guide stitch to indicate where to place your fabric for the appliqué.
2. Place fabric over the indicated area.
3. "APPLIQUE FABRIC" then sews the fabric down.
4. Cut away the excess fabric without removing the embroidery from the hoop.
5. Continue with the embroidery of the design.

Use the same colour for the "APPLIQUE POSITION", "APPLIQUE FABRIC" and "FINAL OUTLINE" where possible to co-ordinate with colour of fabric used for appliqué.
