

## Color chart for Elsa's Favorite Floral Bernina Designs - Elsa Goussard

<http://www.oregonpatchworks.com/collections.php?id=ELSA>

Please don't color sort these designs. If a certain color is repeated, it is because the design stitches in layers!!!!!!  
Please use the color numbers, and don't go by the color names!!!! Some times, I used black, or dark brown, for the darkest green or purple color, as the software doesn't have enough color choices. Some times the same color names also have different thread numbers.
