This is an adorable Christmas Table Runner! It is made up of 3 appliqued and embroidered panels each done in hoop.

This is a really easy, quick, no fuss table runner to make.

The project is put together with a sewing machine.

Full detailed instructions for stitching out the pieces, sewing the project together, plus border and lining are included.

You can make the table runner longer should you wish to, by simply stitching out several EW-C161_reindeer1 panels. They will be joined together behind the EWC161_reindeer2 panel.

Done for the 6x10 and 7x12 hoop

The approximate finished size is:

6x10 Design: 35" Long x 11" High.
