

JHB354

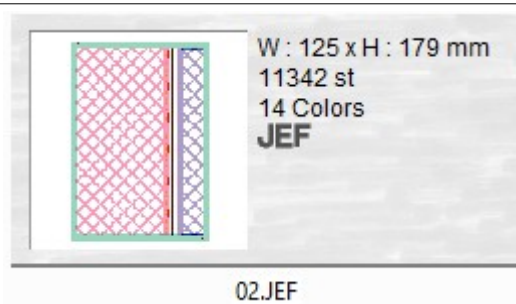

This is a very generous bag that anyone who owes it will be in cloud nine. Ideal to house crafts, crochet and knitting projects, for teachers or anything you can imagine. Imagine arriving at your next class with all your requirements housed in this stylish bag! Inside it fits a plastic file organizer but you do not have to put one in, you can also use some hardboard cut slightly smaller than the base size and covered in fabric to keep the bottom stiff. The outside of the bag you can put up to 10 zippered pocket panels done in the embroidery machine, but I am also going to explain how you can add two larger panels behind the side panels with your normal sewing machine. So plenty of space for everything. If you do not wish to zippered panels on the outside, there are normal plain panels to use in its place, no problem.

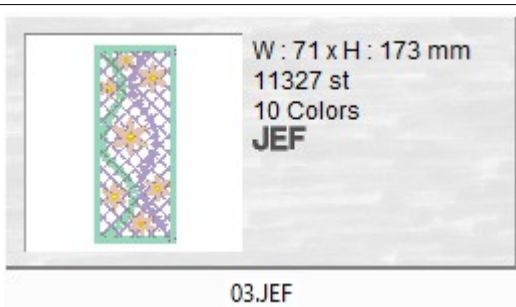

The finished size of the bag measures approx with a depth of 7 inches (18 cm), height 10 inches (25 cm) and width 13.5 inches (34 cm).
