

JHB487 design detail

This set allows you to store your shopping bags in a stylish holder. Pop the new bags in at the top and pull out a required bag out at the bottom. This project is made up in panels, 5 for the front with a detailed garden design done in linework, and 5 panels for the back with quilting detail. The various panels are assembled on your normal sewing machine.

The approximate length of the holder is 19,5 inches (49 cm) and the width is approximately 7 inches (18 cm).
