

JHB497 design detail

FRONT

BACK

This is an in the hoop project made in panels and joined with your normal sewing machine to create a wine bottle carrier for that special occasion.

This set comes with a panel where you can personalized the carry bag but there is also a panel which allows you to create the bag without using the personalized panel. The base of the bag is approximately 4 inches (10 cm) square and 13,5 inches (34 cm) tall.
