Thank you for purchasing our designs. We hope you enjoy them on whatever project you choose.

Timeless Treasures contains and applique design done in the hoop.

I recommend that you use some type of fusible backing such as Steam-A-Seam to stabilize as well as allow for a good finished product. Follow the manufacturer's directions in applying the fusible to the wrong side of the fabric swatch to be used in the design.

The first colors 4 colors shown on the chart will accomplish the applique portion of the design.
The first color will stitch out the placement line of the applique piece. Once stitched place your fabric swatch right side up, over the stitched area insuring that all stitching is covered.
Color 2 will stitch down the cutting line to anchor the fabric. Once stitched remove the hoop from the machine and without removing the fabric from the hoop, carefully cut very close to the stitching no more then 1/8" away on the outside of the cutting line.
Using an iron that will fit inside your hoop, lightly press the swatch to activate the heat activated glue on the applied backing.
Reinsert the hoop into the machine and the next color will be the tack down stitch. The last color is also a tack down stitch to insure it is well anchored. You can skip the color 4 if you so desire. It will be covered with the satin stitching in the next color stitched #5.
Proceed with the rest of the stitch out to finish the design.

When doing the applique portion I usually use the same color thread as the final cover stitch, in this case #5 so no unusual coloration shows through. We program the stops when the design is digitized, but when the design converts from ART which is the native format to the different formats this information is not always transmitted. It can also depend on the settings that are on each individual machine. You may have to manually put in stops to insure the machine stops to allow the steps to be completed properly.
We have found that duck bill scissors work very well to trim the excess fabric from the stitching line. The fusible backing is optional and is not required. It does lend to a better finished result. A spray adhesive such as 505 can also create a good result.

Embroidery Designs For The Creative Mind

Timeless Treasures

This timeless set of 13 Christmas designs will bring the spirit of the holidays into your home! Embellish any holiday project with these designs to create memorable treasures such as pillows, wall hangings, scarves, sweat shirts, and stockings. Hope you enjoy and Merry Christmas!

Thread colors chosen from Madeira Poly Neon. Test stitch outs were done with Kona cotton and a crisp mid-weight stabilizer. With all designs over 30,000 stitches we used a heavy weight floater placed between the needle plate and the bottom of the hoop to stabilize the design. Please see the applique instructions for the poinsettia applique design.
